Re: September 26, 2016, Request for Information Under Section 114(a) of the Clean Air Act

Dear Mr. Kuskohl:

EPA issued a Section 114 Information Request (114 Request) to Sterling Steel Company, LLC on September 26, 2016, requiring the company to conduct an evaluation of baghouse design and capture efficiency by a third party. Since issuance of the 114 Request, EPA has reevaluated the information you previously provided and determined that the information requested in the 114 Request is no longer necessary.

If you have any further questions, please contact Dakota Prentice of my staff at (312) 886-6761.

Sincerely,
